500 SERIES

REINFORCED WOOD FRAME
FOR EASY INSTALLATION

CHOOSE...

550

**Timeless look and high performance
all welded PVC construction**

PVC/wood frame | Welded PVC panels

- Higher quality and performance.
- Double or triple sealed units provide greater weather tightness, comfort and energy efficiency.
- Maintenance free welded PVC construction combines a structural wood core in the frame for added strength and easy installation.
- Frame depth from 5 1/2" to 11 3/4" to suit your installation requirements.
- Tandem wheels for easy and smooth operation.
- Quick draining door sill sloped at 9°.
- Integrated white or satin grey blinds with Low E glass, available.
- Sizes up to 12' x 8' (W x H).

ELEMENT

Durability in all its colors!

PVC/wood/aluminum frame | PVC/aluminum panels

- The unrivaled durability of an extruded aluminum exterior construction.
- Greater energy efficiency with PVC on the interior.
- Sizes up to 12' x 8' (W x H).
- Wide choice of configurations available.
- Tandem wheels for easy and smooth operation.
- Quick draining door sill sloped at 9°.
- Integrated white or satin grey blinds with Low E glass, available.
- Exterior colours offered at no extra cost.

IMAGINE

**The practicality of a sliding door
with the look of a garden door.**

PVC frame with wood inserts | Welded PVC panels

- The garden door with the largest glass surface.
- Wider panels offer a classic, yet contemporary garden look.
- Arrange your furniture as you wish with no interference, inside or outside.
- A durable and maintenance free welded PVC frame combined with a structural wood insert for added strength.
- Tandem wheels for easy and smooth operation.
- Quick draining sill sloped at 9°.
- Integrated white or satin grey blinds with low E glass available.
- A multitude of options for easy installation.
